

PUBLIC PRIVATE PARTNERSHIPS 101:

WHAT THE PEOPLE SHOULD KNOW ABOUT PPPs

PUBLIC

Government

PRIVATE

Big businesses & investors

PPPs describe arrangements where governments subsidize private enterprises in the delivery of an asset or service formerly provided by the government.

PPPs involve the financing, building, and operation of infrastructure that people use daily (e.g. electricity, transportation).

\$700M

Official development aid for PPPs has grown from US \$84.8 million in 2005 to US \$700.8 million in 2014. Yet PPPs have failed to yield real development results.
